History

The ASHRAE Handbook has had a variety of titles.[1] It began in 1922 as the ASH&VE Guide. In 1973 it became the ASHRAE Handbook, and in 1985 separate publication of inch-pound (I-P) and international system (SI) units versions of the volumes began. The current publisher of record is W. Stephen Comstock, and the Editor is Mark S. Owen. The Handbook is published by ASHRAE from its headquarters in Atlanta, Georgia.
