ASHRAE

ASHRAE Recognizes Outstanding HVAC&R Industry Achievements

CHICAGO - The American Society of Heating, Refrigerating and Air-Conditioning Engineers (ASHRAE) recognized 46 people for their contributions to ASHRAE and the HVAC&R industry at the Society's 2009 Winter Conference held here Jan. 24-28.

The ASHRAE Award for Distinguished Public Service recognizes distinguished public service by an ASHRAE member. The recipient is Kenneth M. Fulk, P.E., principal and chief mechanical engineer, Reed, Wells Benson and Co., Dallas, Texas.

Fellow ASHRAE is a membership grade that recognizes distinction in the arts and sciences of environmental technology. The honor is earned through achievement as a researcher, designer, educator or engineering executive. The Society

elevated 22 members to the grade of Fellow ASHRAE: Zahid Ayub, Ph.D., P.E., president, Isotherm, Arlington, Texas.

Pradeep K. Bansal, Ph.D., a professor of mechanical engineering, director of the Energy and Fuels Research Unit, and associate dean postgraduate, faculty of engineering, the University of Auckland, New Zealand

Stephen A. Becker, P.E., vice president, Mechanical Design Concepts, Fresno, Calif.

Steven T. Bushby, leader, Mechanical Systems and Controls Group, Building and Fire Research Laboratory, National Institute of Standards and Technology, Gaithersburg, Md.

Tin-Tai Chow, Ph.D., C.Eng., principal leader and

Presidents Message

By Sam Moreland

We started off the New Year with a great January meeting and I am looking forward to our February meeting. Our speaker, Bob Van Becelaere, spends his winters here in southwest Florida. Bob holds 22 patents, has been involved in the HVAC industry for 45 years, and is a regular author and presenter for many organizations. Please be sure to make reservations, either on-line at our website or by calling Stacey. Reservations really help our planning with Pelican Preserve to ensure that the food gets out in a timely manner and we are not delaying the meeting.

Due to some cancellations we had a couple of blank spots in our program schedule. Jason Hardman has been working diligently and we now have the schedule set for the remainder of the year. Please take a look at the revised speaker schedule and mark your calendars for these great presentations.

While you are looking at the calendar, we have two great events coming up. John Abramson has the Pool Tournament going again and it is set for Friday,

Sam Moreland Southwest Florida Chapter 139 President

February 27th. Also, Don Pine has been working on the fishing tournament and has the Cape Coral Yacht Club reserved for April 25th. Details for both are in the newsletter and should soon be on the website.

I am always looking for input and ways to improve the chapter. Please contact me, or any of the other officers, if you have any comments or ideas.

Best regards,

Sam Moreland
2008-2009 SW FL ASHRAE Chapter President

Membership

By Autumn Spalding

This month is Member Advancement Month: Please see me at the next meeting to see if you are eligible. I will have applications on site.

Student Member Info:

Student Members are sponsored by full-grade Members or Associate Members. The student must be studying or have an interest in an HVAC&R industry-related field. An individual eligible for ASHRAE student membership will be matriculated in an approved course of study in a university, college, junior college, or technical institute and who is being educated in the arts and sciences covered by the Society's objectives. Student status terminates one year after the student has left school or has graduated. A student may advance from student to regular member status during the first year following graduation without paying the

Autumn Spalding - Southwest Florida Chapter Membership Promotions Chair.

\$165.00 dues fee at the time of application.

Regular Member info:

ASHRAE members who hold professional engineering designations can now join CIBSE without undergoing the normal qualifications review. Likewise, CIBSE members can join without undergoing ASHRAE's admissions and advancement review.

director, Building Energy and Environmental Technology Research Unit, Division of Building Science and Technology, Faculty of Science and Engineering, City University of Hong Kong

Timothy Dwyer, C.Eng., a professor, Department of Engineering Systems, London South Bank University
Jay E. Field, Ph.D., senior chemist, Trane Residential Systems, Tyler, Texas

Leon R. Glicksman, Ph.D., professor of building technology and mechanical engineering, Massachusetts Institute of Technology (MIT), Cambridge, Mass.

Warren G. Hahn, P.E., CEO, Hahn Engineering, Tampa, Fla.

Sheila Hayter, P.E., senior engineer, National Renewable Energy Laboratory, Golden, Colo.

David F. Hughes, C.Eng., Beckenham, Kent, United Kingdom

Wichai Laksanakorn, P.E., chairman, W. and Associates Consultants, Bangkok, Thailand

Thomas J. McNamara, P.E., principal mechanical engineer, LM Consultants, Vernon Hills, Ill.

Gilbert Nye, P.E., president, Lawrence Nye Andersen Associates, Fresno, Calif.

Douglas T. Reindl, Ph.D., P.E., a professor, University of Wisconsin-Madison, and director of the Industrial Refrigeration Consortium, Madison, Wis.

Peter H. Rumsey, P.E., principal, Rumsey Engineers, Oakland, Calif.

Jitendra B. "J.B." Singh, president, J&P Engineers, Linwood, N.J.

Curtis R. Slayton, P.E., president and CEO, Consulting Services International, Louisville, Ky.

Arvind G. Surange, chief consultant and proprietor, ACR Project Consultants, Pune, India

Douglas Stuart Walkinshaw, Ph.D., P.Eng., president, Indoor Air Technologies, Ottawa, Canada

Thomas E. Watson, P.E., chief engineer, McQuay International, Staunton, Va.

Yuanhui Zhang, Ph.D., P.E., a professor and section leader, Department of Agricultural and Biological Engineering, University of Illinois at Urbana-Champaign, Urbana, Ill.

The ASHRAE Technology Awards recognize outstanding achievements by members who have successfully applied innovative building designs, which incorporate ASHRAE standards for effective energy management and indoor air quality. Four projects received first-place ASHRAE Technology Awards:

Kenneth Sonmor, Ecovision Consulting, Montreal, Quebec, Canada, in the existing commercial buildings category for his retrofit of a 13-floor office tower, 4200 St. Laurent Office Tower, Montreal

Laurier Nichols, P.E., Dessau, Montreal, Quebec, Canada, in the new public assembly category for Centre Communautaire de Mistissini, Mistissini, Quebec, Canada

Thomas H. Durkin, P.E., Durkin and Villalta Partners Engineering, Indianapolis, Indiana, in the existing institutional buildings category for HVAC renovations at George Washington Carver Elementary School, Indianapolis

Jacques De Grace, Pageau Morel and Associates, Montreal, Quebec Canada, in the new institutional buildings

category for the Normand-Maurice Building, Montreal
Also in the Technology Awards, Eric Kirkland, Smithgroup, Phoenix, Ariz., receives second place in the new institutional buildings category for the National Renewable Energy Laboratory Science and Technology Facility, Golden, Colorado.

The ASHRAE Student Design Project Competition challenged teams of students to create architectural design as well as select and design HVAC&R systems for a 60,000-square-foot community recreation center.

First place in the HVAC system selection category is awarded to Alyssa Adams, Calvin Douglass, James Gawthrop Jr., Justin Herzing, Amy Leventry, Michael Smith and Gregory Smithmyer of The Pennsylvania State University, University Park, Pennsylvania.

First place in the HVAC system design category goes to Wiroj Ekwongmunkong, Chaowanaphan Lekkhom, Pakorn Nontiwatwanich, Patarapol Puangkum and Supayos Suveepattananont of Chulalongkorn University, Bangkok, Thailand. First place in the architectural design category is awarded to Alexandra Gibson, Justina Jones, Bryan Quarles and Bazigha Tufail of the University of Kansas, Lawrence, Kansas.

The E.K. Campbell Award honors outstanding achievements by engineering educators. The recipient is Judi Steciak, Ph.D., P.E. The award honors an individual for outstanding service and achievement in teaching and is presented by the ASHRAE Life Members Club. Steciak is associate professor of mechanical engineering, University of Idaho-Boise.

The John F. James International Award is given to an ASHRAE member who has done the most to enhance the Society's international presence. The recipient is Prem Jain, Ph.D., Fellow ASHRAE, chairman and managing director, Spectral Services Consultants, New Delhi, India.

construction throughout the United States. ASHRAE publishes a revised version of the standard every three years. The 2007 version of Standard 90.1 was released last year.

From your Chapter and Regional Webmaster:

We are seeking sponsorship for our Chapter's website. If you are interested, please send your business card or logo along with \$20 for one year of advertisement on the Chapter website. Also, I am in need of pictures of the SW Florida scenery that I can use for a new Title banner background. If you have any pictures that you think would show our wonderful climate and scenery, please forward to me in jpeg or gif format. mmyers@jalrw.com

This Month's Topic

Air Measuring Stations – Code requirements for outside air and design and Maintenance Issues

Back Ground:

Energy cost and IAQ concerns make controlling and maintaining the amount of outside air an important design requirement. This presentation will explore the building code requirements for outside air, plus the design and maintenance issues concerned with air measuring stations.

Guest Speaker: **Bob Van Becelaere, Ruskin Company, Vice President of Engineering**

Bob holds 22 patents related to damper and louver systems. He has been involved in the testing products for the HVAC industry for 45 years and worked for Ruskin Company for 32 years as Vice President of Engineering. Bob has published articles in ASHRAE and HPAC magazines and is a frequent speaker at technical conferences and seminars. He serves on ASHRAE, AMCA, ASME, NFPA and UL committees and has a BSEE degree from Finlay Engineering College Kansas City, Missouri.

A.S.H.R.A.E.

SOUTHWEST FLORIDA CHAPTER

2009 ANNUAL BACKWATER FISHING TOURNAMENT

Tournament Rules

Thank you for entering the Annual Southwest Florida Backwater Fishing Tournament hosted by the Southwest Florida Chapter of ASHRAE. The festivities will begin this year on Thursday evening April 23rd, 2009 at Bar Louie Tavern & Grill in the Edison Mall. The Captains meeting begins at 7:00 PM, which will be a cash bar social. One member from each fishing team is required to attend to register their boat and to pick up the tournament T-shirts and other information. Xerox copies of navigation charts will be made available if needed.

Saturday morning April 25th, 2009, you are free to start at anytime and from anywhere you would like. There is no formal check-in.

The weigh-in will be at Cape Coral Yacht Club at 3:30 PM with a Buffet dinner starting at 4:00 PM. The awards, trophies, prizes and fishing gear raffle will be held during dinner. All Anglers must be present to win!!!!

Trophies will be awarded for:

- Best Team Catch (two heaviest fish of each species – Snook, Redfish, & Trout)
 - 1st, 2nd & 3rd place for heaviest Snook
 - 1st, 2nd & 3rd place for heaviest Redfish

Only three fish apply to the above categories, Snook, Redfish and Trout. All other species caught do not qualify for the tournament. All fish caught and kept during this tournament must comply with Florida saltwater fishing regulations. Both artificial and live baits are allowed. All live fish must be produced at weigh-in for judges to certify.

Florida Saltwater Fishing Licenses are required and are your responsibility to acquire!!!!

If you have not paid your entry fees and turned in your registration, please do so promptly.

Please direct all questions to: Don Pine (239) 939-4502
